Are you looking for a new challenge? Allen + Clarke is looking for a consultant evaluator and researcher to join our team. We need a person with qualitative and/or quantitative research experience, and knowledge of a range of evaluation and research methods and approaches. We seek a candidate with the ability to plan, manage and implement evaluation and research projects and clearly communicate findings to a range of audiences. Our people are flexible, hard-working, and committed. They care and want to make a difference. They know how to work with pace. They never lose sight of quality. They are good at identifying opportunities, risks and issues and mitigating them to ensure a project's success.

Come join us if you:

- Have experience in undertaking high quality evaluations or research studies
